

The Dimmer View

BY MAX GOODWIN

Tragedies involving youngsters seem more prevalent during the 1958 holiday season than any time we can recall in recent history.

The one, involving the four youngsters and wife of Thomas Pendergast of El Cajon is particularly gruesome since the deaths were committed by a human if that is exactly the word for the youth whom the family befriended.

There is no protection against the workings of a mind suddenly become sick. The sick person is usually the last to know and in southern California where casual living condones the development of unusually personalities, it is not easy to distinguish some of the sick from the well.

Four tragedies make the news this season. The one involving the cold-blooded murder of the El Cajon family has just unfolded. So has the Winter Gardens explosion in which two youngsters lost their lives. Others involve the smothering of the two brothers in National City, and, of course, the school fire in Chicago.

No space warning of the dangers of unused refrigerators is wasted, we feel.

The tragic deaths of the Garcia brothers in National City last week points up the importance of getting a warning to the owner of such appliances.

The brothers, Michael, 5, and Mark, 4, were found huddled in death after the door snapped shut on them as they were playing in the box.

Certainly no deaths were more unnecessary. The owner of this refrigerator, or the owners of refrigerators in which future deaths will occur can justify their negligence.

It is usually helpless tots who suffocate as a result of such negligence. We sincerely urge each and every refrigerator owner to take whatever steps today that are necessary to pull the hinge pins, or to remove the door latch from any unused refrigerator in their care.

Jerry Howell, one of our good neighbors who operates a local refrigerator and appliance firm told us this week he will instruct any refrigerator owner in safetying his appliance. He can be reached at C-P Appliances, HO-pkins 9-6154.

The school fire in Chicago in which 92 lost their lives is another shocking tragedy which dampens the holiday spirit.

In this, no single person appears responsible. A wide group of circumstances which includes building standards of a generation ago and present safety standards which takes into consideration the economic factors of fireproofing old structures are part of the picture.

In this part of California, where practically every school building is new, designed and built by enlightened architects and contractors who are working under the most rigid of regulations in the world, the latter of which are handed down by state and federal mandate, such a tragedy is not likely to happen.

For many of us who have been disturbed by spiraling costs of housing money and more students, the very thing which disturbs us contains a partial answer to this problem.

The loss of a single one of our own children as a result of shoddy and gerry-built schools would be a poor exchange for the extra cost we have suffered for earthquake-proof and fire-proof buildings.

Parents with youngsters in Lemon Grove schools are not spending sleepless nights worrying about these dangers to their progeny. Costly, of course, but the need is proven by the Chicago tragedy.

Lemon Grove's Bill Rife, he is active in fraternal circles, admitted this week that he became frustrated recently when this newspaper was involved in a series of articles on incorporation (which failed) and frequent blasts at the gas and electric company for failure to remove their pole from the parking area in front of the post office, which will come down this month. (The pole, not the postoffice).

"If both issues were successfully accomplished, 'Mr. Rife asks, 'where would council candidates tack their campaign posters?"

Assessments Due Rise On LG Property, Officials Say

The San Diego County Assessor's office told the Men's club Friday the reappraisal program now underway in Lemon Grove would overcome many of the existing inequities and result in a higher and more realistic assessed valuation in this community.

Speakers were Wilson "Tommy" Thomson, assistant chief appraiser, and Edward F. Cornett, in charge of the Lemon Grove reappraisal program.

Thomson said assessed values were determined by the demand for property. He drew a fine line of distinction between the speculator and the investor but admitted that both are considered when property values are set.

Cornett said a branch office would be set up in Lemon Grove prior to the assessment going on the tax rolls. Property owners may apply at this office, the location and dates to be announced next spring, and see what change, if any, has been made.

A similar office for local business people will precede it to aid those who have inventory reports to make.

Thomson said a fair estimate of local property is to establish an actual and fair worth. The assessed value should ride between 25 and 30 percent of the true value.

For those who realize they have been under-assessed, preparation for a new and higher assessment may be made by putting aside 2 percent of a realistic value of the property in question. This will produce approximately \$7 per \$100 of the new assessed valuation, he said. That will pay the county tax bill.

The two men reiterated the assessor's office merely establishes a proportionate value so every property owner could be called upon for an equal share of the tax burden.

The Men's club will enjoy a Tom and Jerry ceremony Friday. Christmas carols will be sung by the Mt. Miguel chorus.

There will also be an election of officers, according to retiring president Bill Parker. The club meets at Michael's at noon every Friday. Any man may attend.

The tradition has become so popular that we have set aside a limited number of the Christmas issue which may be obtained for holiday giving.

The newspaper will be delivered to subscribers' homes on Wednesday next week so that the news version of the Christmas event may be enjoyed during the holiday.

Rezoning Hearing Slated Friday

SAN DIEGO (CNS)—Rezoning for 26.6 acres in the Lemon Grove area will be considered at a public hearing Friday to be held before the County Planning commission.

Kids Await Vacation

Christmas vacation in both the Grossmont high school district and the Lemon Grove elementary school district will start December 22 and continue through January 4, school officials have announced.

Carl A. Eder, 16, admitted killer of five members of an El Cajon family, was captured Monday night in Mission Beach. After his capture by an off-duty policeman and a Mission Beach life guard, he confessed slaying the wife and four children of Tomas Pendergast Friday night in their home at 1286 N. Second street, El Cajon.

Pendergast found the bodies of his wife, Lois, 37, and their four children, David, 9, Tom, 6, Diane, 4, and Allen, 2, hacked and shot when he returned home from work.

Eder had eluded police since Friday when he fled the scene of the killings. He said he had taken a bus to Mission Beach and had lived in the bathroom there since Friday until Monday when a Mission Beach reporter reported seeing him to the off-duty policeman, John Donohue, and the life guard, Richard Heyl, both residents of Mission Beach. Donohue and Heyl collared Eder minutes later.

Pendergast had befriended Eder and taken him into his home last month after he had picked him up while Eder was hitchhiking.

Gasoline Leaks Summon Firemen

Gasoline leakage figured in the only two runs made during the week by the Lemon Grove Fire department.

The Fire department was called Thursday of last week to put out a fire in an auto on the Massachusetts avenue overpass on highway 94 freeway when a gasoline leak ignited on the engine of the auto, burning paint and wiring. Smoke damaged part of the interior upholstery. Damage amounted to \$85, fire department records show. The auto was registered to Hunn Duane of Spring Valley.

A natural gas leak developed Sunday in the kitchen range at a residence at 7163 San Miguel avenue. Firemen were summoned when the residents feared the gas would explode. Firemen shut off the gas until repairs could be made.

Catholic School Issues Warning

A warning was issued this week by Sister Barbara, principal of the St. John of the Cross school. She said that persons are circulating through the Lemon Grove business community stating they were authorized to represent the school for merchandising projects.

Sister Barbara said that no person is ever given that authority. Such persons should be reported to the school or to the sheriff's office.

Teenagers Arrested At Movie

Officers from the California Highway Patrol and the San Diego county Sheriff's department Friday night were needed to stop a disturbance created by teenagers at the Ace Drive-In theatre in Lemon Grove. Officers arrested four youths.

Six officers were called to the scene at 11 o'clock after the youths used foul language and tried to resist arrest when members of the CHP and the Sheriff's department arrived. One of the sheriff's deputies was kicked in the head when he tried to subdue a teenager.

Arrested and placed in county jail were: Jerry Brummett, 18, of route 3, box 466, Lakeside, charged with disorderly conduct; James Henry Fisher, 19, of 4627 55th street, San Diego, charged with petty theft and possession of alcoholics by a minor; David William Vasquez, 20, of 4145 Idaho street, San Diego, charged with petty theft and possession of alcoholics by a minor, and a 16-year-old juvenile who told officers he was 18-years-old when arrested but later was found to be 16 and taken to Juvenile home.

The youths charged with petty theft had auto movie loudspeakers in their possession, officers reported.

The theater was temporarily closed after Friday night's disturbance but has been reopened.

They will be commenced again on New Year's Eve and continued through January 4. Officers said they would be on the lookout for tipplers who have been partaking too deeply of Christmas joy. The obvious warning follows: If you drink, don't drive.

The committee members and leaders of Pack 325 of Spring Valley-Lemon Grove met December 2 to map out a tentative program to be followed throughout the ensuing six months. A pack meeting, December 19, at 7:30 p.m. at the First Baptist church, 8758 Troy street, Spring Valley, was also discussed and the combined dens' Christmas party meeting for December 22 was planned.

The theme for December is "The Golden Rule." Activities of the dens are in keeping with this theme. Flannel board designs are being made for Children's hospital. Christmas cards are being made to present to a sick boy to help brighten his Christmas. And, of course, the December projects wouldn't be complete without making Christmas tree decorations to be used for the dens' Christmas party Monday.

The girls of Girl Scout troop 380 will entertain their parents and friends at a Christmas party Friday at 7:30 p.m. in the Lemon Grove Woman's club building. During the evening the girls will present two short plays, "Special Delivery" and "Santa's Workshop."

Casts will include Patricia Baecht, Susan Brouillette, Virginia DeFrate, Diane Hart, Kathryn Jeter, Laurel Johnston, Ann Keithly, Sharon Myles, Leslie Southwick, Lorraine Dwyer, Kathy White, Nancy Witt, Evelyn Hakin, and Claudia Peck. Gall Kirby will entertain with accordion solos. Mrs. I. L. Johnston is the troop leader.

Lemon Grove Fire Chief Lists Holiday Safety Tips

Some tips to remember at Christmas time to help guard against fire in the home have been listed by Lemon Grove fire chief H. L. Hensley in the hope this Christmas will be the safest one yet for Lemon Grove families.

Chief Hensley says:

"Care in purchasing toys for children should be exercised. We have received reports of some imported toys made from nitro-cellulose plastic that ignite very easily and burn intensely. They are extremely dangerous, particularly to small children.

"In selecting a Christmas tree, check it carefully to determine that it has been freshly cut and is not dry and hazardous. Twigs and branches should bend without breaking and needles should not fall when the branches are shaken. Flame-retardant for Christmas trees are available at the Lemon Grove Fire department and they provide increased safety. The larger the tree, the greater the hazard. Don't get one larger than you need.

"A Christmas tree should be kept out of doors in a cool, shady place, standing in a container of water until it is ready for placement indoors. Bring the tree indoors just before Christmas.

"In mounting the tree indoors, make a fresh cut on a 45 degree angle at the base of the tree and stand the tree in water or wet sand.

Set the tree in a position away from any source of heat and where it will not obstruct stairs or exits. Brace or wire the tree securely in position. Renew the water frequently to take care of absorption and evaporation.

"Use only Christmas tree electrical wiring and fixtures which bear the "UL" label of approval of the Underwriters' Laboratories. Damaged sockets or frayed wiring should be discarded and candles or open flame should never be used to light a Christmas tree. Electric lights should be turned out when retiring and whenever the tree is unattended. Circuits shall not be overloaded.

"Use only non-combustible or flame-proofed decorations. Never use untreated cotton, paper or other flammable decorations on or near the tree. This applies to Santa Claus' whiskers, too. Be extra careful when smoking.

Provide suitable containers for discarded wrappings and remove them from the house as soon as

gifts are unwrapped.

"There is an increasing public demand for simulated snow on Christmas trees. This material is known as flocking and it requires a primer coat or adhesive. Unless the flocking and the adhesive both are of a non-flammable material, the Christmas tree hazard is very materially increased.

The tree should be discarded before drying causes needles to fall when branches are shaken. Dry trees are a serious fire menace to the home. It is recommended that the tree be removed as soon after Christmas as possible.

Merry Christmas and Happy New Year!

Highway 80 Work Lags As Extension Is Scanned

U.S. Highway 80 to full freeway standards between Flume drive, east of El Cajon and Laguna junction, has been set for discussion Tuesday, at 7:30 p.m. in the auditorium of the Alpine school by the State Division of Highways.

District engineer Jacob Dekema said results of the studies for this portion of U.S. 80 will be presented to interested citizens at the meeting.

After the presentation of engineering data, Dekema will seek additional information from those in attendance which will assist the California highway commission in its determination of the most favorable location for the freeway. The meeting is open to the public.

Dekema said several combination of alternatives, both north and south of the existing highway, are feasible, and the cost could vary from \$1 million to \$3 million dollars, depending upon the line which is chosen. Factors of grade, motorists' benefits, land use and other economic features will be taken into consideration by commission members in arriving at a decision, Dekema said.

The Division of Highways also reported the Grossmont summit freeway, from La Mesa boulevard

to Chase avenue in El Cajon, would be completed in February. It had originally been scheduled for completion in November, 1958, although the contract calls for finishing it up by the end of December.

Contractors are Kenneth and M. H. Golden and E. C. Young and Young and Arletta.

Year holiday attractions—\$15,000 Los Feliz stakes, Wednesday, January 31; double bill of \$20,000 Las Flores handicap and \$25,000 San Gabriel handicap on turf, Thursday, January 1; and \$50,000 San Carlos handicap, Saturday, January 3.

Outstanding turf classics of national and international prestige will be:

\$145,000 guaranteed Santa Anita handicap, Saturday, February 28. \$170,000 (est.) Santa Anita maturity, Saturday, January 31. \$100,000 added Santa Anita derby, Saturday, March 7. \$100,000 added San Juan Capistrano 'cap, Wednesday, March 11.

Here again! FOUR Swift's Premium BUTTERBALL TURKEYS!

At Thanksgiving, Super Shoppers hailed these magnificent Swift's Premium Butterball Turkeys as the finest ever presented in San Diego! By special arrangements with Swift, Food Basket is able to again bring them to you for a wonderful Christmas feast! Many of our fine holiday specials are listed here . . . see your daily newspaper for complete list! Many more values . . . plus a complete line of holiday poultry in our stores!

WHY BUTTERBALL TURKEYS ARE THE FINEST EVER OFFERED!

Exclusive at Food Basket!

Special New Breed Swift's Premium Butterball Turkey is no ordinary bird! It's a marvelous new breed of turkey, scientifically raised to be broader breasted with more tender white meat . . . more plump and butterball round all over with more delicious meat than you've ever tasted! It's absolutely wonderful!

Butterball Round Because these wonderful turkeys are genuine "butterballs," you get more meat to eat for your money. They have smaller bones, shorter legs, broader breasts and are more compact all over . . . which mean you get more meat per pound than in ordinary turkeys and the meat is so tender, flavorful and juicy!

No Skewers Needed These magnificent Butterball Turkeys have the legs tucked in . . . no trussing or skewers needed. Just stuff with your favorite dressing and roast . . . it's that easy! This is the modern way to roast your turkey . . . saves you time and work . . . both so welcome on already busy days. You'll like this, we know!

Leg Tendons Removed These superb Butterball Turkeys all have the majority of leg tendons removed for easier carving, handsomer servings and better eating. The exquisite tenderness and fine texture of the whole turkey make it so easy to carve. And each turkey is spotlessly clean inside and out . . . all this work is done for you!

Choice of 4 Turkeys Choose the size turkey that suits your family best. The large-size Tom for large families, guests; the average-size Hens for average groups or families; the Small-Grown Hens for small families; or the Stuffed Hens, which are filled with an especially delicious dressing, and ready to pop in the oven and roast!

Cooking Instructions To make it even easier . . . to insure a "perfect-roasted" turkey each time, complete cooking instructions are included inside each bird! Be sure to look for these as another aid for the finest holiday dinner you ever enjoyed. Without a doubt, these Butterball Turkeys are the very finest ever . . . well worth a special trip!

'Readers' Describe Junior High School Christmas Pageant

Four eighth grade "readers" describe the colorful Christmas pageant Wednesday and Thursday of this week at the Lemon Grove junior high school auditorium. Beginning at 8 o'clock each evening, the annual event, open to the public, features Karen Christy, Sharon Hartigan, Joel Pergl, and Jack Hayes reading the story of Christmas as scene after scene unfolds to the strains of the season's music.

The school choir, directed by George Starkey, presents Christmas carols as background for various holiday scenes. A large cast of junior high students portrays the traditional Christmas characters.

The pageant is the annual "gift" of the school to the community. Because of limited seating, guests are requested to secure free tickets in advance from the junior high office or students of the music departments. The Lemon Grove Music Parents will offer homemade candy for sale before and after each performance.

Family Service To Elect Board

The Foothills Family Service will elect an executive board and form major committees Tuesday at 7:30 p.m. in the trustee meeting room at Grossmont high school. Approximately 20 members are expected to be elected to the board which will elect its own officers.

Mrs. Jens Hutchens, chairman, will give the nominating committee report at the meeting.

The Foothills Family Service is composed of residents of Lemon Grove, Spring Valley, La Mesa, El Cajon and Lakeside.

LM Writers Club Sets Yule Party

The La Mesa Writers club will hold its annual Christmas party Thursday of this week at 1 p.m. in the old La Mesa library building. Members may bring guests and are requested to have gifts for the guests. A program and refreshments are planned.

An evening session of the club was held Saturday in the old library building at University and La Mesa boulevard. Mrs. Martha Garvin, adult education teacher

and daughter of Mrs. Edith Boutwell, former Grossmont adult education teacher, was in charge. The club is scheduled to meet the second Saturday of each month in the same place and is under the direction of the La Mesa Writers club day group, which meets the fourth Monday of each month. Any person in the area who is interested in creative writing can join the club.

County's Biggest Tax Payers Make \$3 Million Payments

San Diego county's two largest taxpayers last week paid the first installment on their annual tax bill, each payment amounting to more than \$3 million.

Pacific Telephone paid their first installment of \$3,161,821 which represents a half million dollar increase over last year.

The first half payment of \$1,580,989 was delivered to county tax collector Wilbur Easton by Pacific's San Diego division manager, Jack Lovejoy.

"The increase of over a half million dollars in taxes is the largest we have ever experienced in one year in San Diego," Lovejoy stated. "The increase reflects the kind of expansion the telephone business is making throughout the county to meet the service needs of a growing area."

The current tax payment is nearly double the amount paid by the company in 1954-55.

The San Diego Gas & Electric Company paid \$3,102,003 for the first half of their 1958-1959 property tax.

Arthur R. Cox, vice president and treasurer, San Diego Gas & Electric Company, said the organization's total 1958-1959 property tax payment will be approximately \$6,204,000.

He added that the first half installment is \$396,100 more than last year's for the same period and the year's full payment will be \$792,200 greater than the preceding 1957-1958 total.

In further comparison, Cox pointed out the total 1958-1959 San Diego county property tax payment is \$4,539,574 greater than that paid 10 years ago.

U.S. National Bank Aids Local Orphans

The employees of the main office and five San Diego county branches of the United States National Bank have launched a Christmas charity aimed at bringing material aid to residents of local orphanages.

An employee group has recognized for six years the need for clothing, food, toys, etc., for those parentless children who are institutionalized. Heretofore, the bank personnel have given each year to needy families. Last Christmas, sixteen families in San Diego received dinners, toys,

trees, decorations and presents. San Diegans are being asked to leave gifts of food, clothing or toys at any of the United States National Bank branches or at the main office at Second and Broadway. On Christmas eve, representatives of the employees will distribute the presents to local orphanages.

W. H. Parker, your Telephone Manager in La Mesa

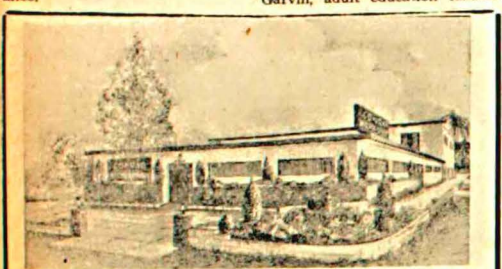

Wherever your voice goes, telephone patrols keep a careful watch over the lines that carry your calls. And here you see a sky patrol in action. Every day the pilot or his partner check 350 miles of cable, most of it underground. They're on the lookout for landslides or construction work that could cause trouble. By using a loudspeaker on the plane, or by dropping notes, they can warn anyone working near a hidden cable. Time and again, cable patrols have headed off costly damage. And they've helped make your telephone service more dependable than ever.

A CHRISTMAS MESSAGE

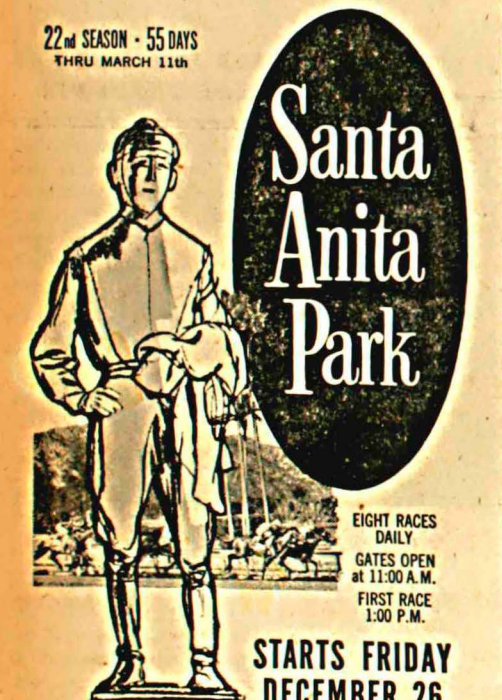

Christmas calls, this year are expected to set record highs. So many of us plan to talk to loved ones and friends during the holiday season. It means so much to those expecting to hear a familiar voice. Insure yourself against possible delays by placing your calls before and after Christmas Day. In the days before the Holiday, you can share the thrills of anticipating Santa Claus. In the days after Christmas, you will be able to combine your Holiday "Thank you" with a wish for a bright and prosperous New Year. Which reminds us it is time again to say "Thanks" to all our Hopkins customers for your business and pleasant relationships this past year and wish you the best in 1959.

School Group Seeks Simple Aid Program

Members of the Grossmont Union High School District Citizens' Advisory Committee passed a resolution recently aimed at simplifying the California school aid program for construction.

The resolution, which will be presented to legislation of the area, reads as follows: "Be it resolved that — legislation ought to be enacted by the state to facilitate earlier construction of schools in the state program so that schools will be available when they are needed; and that state assisted districts be allowed to build schools according to the same standards employed by economical non state aid districts, providing adequate floor space per pupil."

The CAC also heard a committee report from William Calder, chairman of the advisory committee for the work experience program, outlining plans for assisting students of the district's ninth grade social studies classes to understand business and industry better through lectures by community members and tours to places of business.

Bids To Be Opened

Bids for a \$1,900,000 addition for Grossmont hospital will be opened Thursday of this week at a board meeting of the hospital district's trustees.

The 134-bed addition, expected to be completed in a year, will be financed with federal, state and local funds.

Submarine 'Bird' Unveiled For Press Inspection

What is classed as the first full-dress public demonstration of the Regulus I, an intermediate range guided missile fired from a specially designed submarine, was held Monday 10 miles off the coast of San Diego.

Aboard the USS Grayback, the submarine carrying four of the missiles, were representatives of area newspapers and radio. The sub was under the command of Lt. Commander H. G. Knott. Al Styles, commodore of the First Flotilla, under whose command comes two squadrons of submarines based in the Pacific.

The Grayback submerged off Point Loma, surfaced 10 miles out to sea, and within minutes Regulus I was rammed from its water tight cocoon and set in firing position. The "bird" was fired up to full capacity but was not released. It was then restored to its shipboard hangar and the submarine returned to North Island.

Babies 'Hurry' To Be Born By Christmas

Maybe because they wanted to arrive in time to receive Christmas toys, seven babies "hurried" to be born to Lemon Grove and Spring Valley families at Grossmont hospital from December 5 to December 10. This is more than the usual output of Lemon Grove-Spring Valley babies at the hospital for a six day period.

The new arrivals were:
A four pound, 10 1/2 ounce girl born December 5 to Mr. and Mrs. Charles Spencer of 7407 Waite drive, Lemon Grove; a seven pound, 11 ounce girl, also born

December 5, to Mr. and Mrs. Carl Rapp of 1739 Primera, Lemon Grove; a six pound, 11 ounce girl born December 6 to Mr. and Mrs. William McMahon of 8636 Tyler street, Spring Valley.

Also an eight pound, 14 1/2 ounce boy born December 7 to Mr. and Mrs. Riley Lively of 3978 El Canto drive, Spring Valley; a seven pound, 10 1/2 ounce boy born December 8 to Mr. and Mrs. Blaine Rusk of 2455 Massachusetts avenue, Lemon Grove; a nine pound, six ounce boy born December 10 to Mr. and Mrs. Francis Mikalauskas of 8710 Kelso street, Spring Valley, and an eight pound, 6 1/2 ounce girl born December 10 to Mr. and Mrs. Melvin Pederson of 9257 Brookside court, Spring Valley.

CWA Halts Sewer Area Pipe Plans

SAN DIEGO (CNS)—The County Water Authority has backed down in its plan to seek a right-of-way for a pipeline close to the sewage treatment plant of the Spring Valley Sanitation district. It was revealed last week before the county board of supervisors.

The CWA's first demand for a pipeline right-of-way was through an area that would have caused abandonment of the treatment plant which was completed only a few months ago.

At last week's session of supervisors, the board was asked to approve an easement for a CWA pipeline, and supervisor De Graff Austin asked what relation this line had to the one the county was opposing.

"This one is all right," director of public works Jean L. Vincenz told him. "The water authority people have been very helpful. This line will be far enough from the treatment plant that it won't cause us any trouble at all."

The CWA line in question is part of the second barrel construction now underway. Vincenz said after the supervisors' meeting that the new route had involved the CWA changing its plans for some distance away.

"But the engineers of the water authority were very cooperative when we went over this matter with them," Vincenz said.

The prospects of removal of the Spring Valley Sanitation district's sewage treatment plant aroused indignation in the area when the possibility was first revealed. Resolutions against the CWA route were approved by local civic groups and the board of supervisors authorized approval of legal opposition to any condemnation.

Miguel Students Earn Honors In Speech Competition

Two Mt. Miguel high school students reached the finals of the speech tournament at San Diego state college this month. The two are Perry Tuve who took first place in radio and Diane Baronowski who received an honorable mention in women's extemporaneous speech.

Several Mt. Miguel students placed in the semi-finals. These included: Larry Johnson, Joan Hoffman, Sue Estes, Gary Gomes, Grace Weaver, Judy Rank, Jack O'Connor and Dan Heiserman.

Heiserman and Johnson won three debates and lost one with their debating team.

Holiday Music To Be Featured In Ward Home

A "Holiday Festival of Music" will be presented Friday of this week at the home of Mrs. Fred Ward, 3346 Sweetwater avenue, Lemon Grove.

Mr. and Mrs. Roy Wilson Day will co-host the program, which will feature a group of artists, including Vesta Jenks of Lemon Grove, playing light classics on piano and organ. Miss Jenks will also accompany Gail Glancy, violinist. Mary Raby, coloratura soprano, will accompany herself on a rare instrument which was found in her midwestern home. Research sheds no light on the origin of the instrument nor its name. It is played by plucking the strings with the left hand and bowing with the right.

Dr. Carlton Hollenbeck, noted archaeologist, lecturer, writer and world traveler, will round out the program.

Presiding at the table will be Dr. Marie Walsh and Mrs. Paul Fellows.

Auxiliary Gives Christmas Tree To Hospital

A beautifully decorated Christmas tree, a gift of the women's auxiliary, will greet all who enter the lobby of Grossmont hospital during the Christmas season. A second tree will be placed in the hospital cafeteria for hospital personnel.

The auxiliary will also furnish a punch bowl and punch for the open house to be held December 19 by the hospital's student vocational nurses and Christmas and New Year favors for patients' trays, made by the auxiliary juniors.

An auxiliary meeting December 12 was addressed by the hospital's administrator, L. M. Peelyon, who briefed the members on progress being made with plans for the hospital's expansion, reminding them of inconveniences ahead for those working in the hospital during construction of the new wing and the need for continued interest and assistance on the part of the auxiliary, as well as an augmented membership at the time the enlarged facilities are in operation.

Safety Council

Warns Of Holiday

Drinking, Driving

More fatal traffic accidents hap-
pen on Christmas Eve than at
any other comparable time of
the year, a statement released
by the San Diego County Traffic
Safety council warns. The dead-
liest time is between 6 and 7
p.m., the council pointed out.

"Darkness, bad weather, speed,
alcohol, and pedestrian errors
are causes of the high fatality
rate," Myron Kaminar, president
of the council, said.

"Since many persons will have
a four-day holiday at both Christ-
mas and the New Year, the holi-
day toll may hit an all-time
high," Kaminar said. During the
last eight-day Christmas-New
Year holiday in 1956, 1,115 per-
sons were killed in traffic acci-
dents," he said.

The social drinker is the men-
ace during these times, Kaminar
warned. The fellow who had a
couple of drinks at the office
party is a far greater hazard than
one that got roaring drunk, he
said. "The roaring drunk is
fairly easy for the police to spot,
while the social drinker may not
'show' his drinks until it's too
late."

In an effort to combat holiday
drinking and driving, Kaminar
called on San Diego business and
industrial organizations to take
a new look at their office parties.
"Keep the cork in the bottle or
eliminate the party," Kaminar
asked.
